21/12/06

Dear Spit Roast Team,

Just a quick note on behalf of the patients, staff and family of the Spinal Unit at Shenton Park to say thankyou so much for your efforts at our Christmas lunch on 15/12/06.

The office staff (Toni, Susannah) was exceptionally helpful and accommodating in arranging a fairly late notice function without difficulty! And further appreciation goes to Michael and his assistant on the day who delivered the meal with professionalism and a sense of humour that was appreciated by all guests. There were many positive comments about the service and the food - I'm sure you all brought a bit of the spark of Christmas into their hearts.

Although I will not be working at the Spinal Unit next year, I will certainly make a recommendation to come back to you in the future. Wishing your whole team a very happy (and I'm sure busy!) Christmas and New Year season.

Kind regards,

Ben Noteboom
